

Kani Naina Mohammed J K

Software Development Engineer

kani.jk01@gmail.com

(+974) 30908414

SUMMARY

Diligent Frontend Engineer with 5 years experience in SaaS-based interview automation and construction project management platforms. Skilled at aligning technical solutions with business needs, with strong communication and teamwork skills. Fast learner, adaptable to new technologies.

EXPERIENCE

SDE-I | Kyro - India

(April 2023 - May 2025)

- ❖ **Project & Task Management Module:** Designed and implemented robust features for creating, assigning, and tracking projects and tasks, improving team productivity and project visibility.
- ❖ **Forms Module (Form.io Integration):** Integrated Form.io form builder for dynamic form creation, assignment, and submission tracking, enabling customizable workflows for clients.
- ❖ **UI Revamp & Rebranding:** Led the complete web application UI revamp and branding overhaul, ensuring a modern, responsive, and user-friendly interface across devices.
- ❖ **Storm Response & User Management:** Developed modules to manage storm response operations, user onboarding, and profile management for large-scale teams.
- ❖ **Roles & Permissions:** Implemented granular role-based access control to safeguard data and enforce permission restrictions across the platform.
- ❖ **React Hook Form Integration:** Incorporated React Hook Form for efficient, scalable, and reusable form handling across application modules.
- ❖ **Workflow Automation:** Built CRUD-based workflow automation features to streamline business processes and reduce manual intervention.
- ❖ Collaborated with product managers, UI/UX designers, and QA teams to deliver features within deadlines while maintaining high-quality standards.

Software Engineer | InterviewDesk - India

(Feb 2020 - Jan 2023)

- ❖ **Assessment Platform:** Developed a candidate assessment platform with proctoring tools, a real-time code editor, and skill-based challenges for DSA and coding evaluations. Enhanced recruiter capabilities to assess candidate potential efficiently.
- ❖ **Application Tracking System (ATS):** Led UI development for a robust ATS, delivering intuitive navigation, improved usability, and faster workflows for recruiters and hiring managers.
- ❖ **Mailbox Module:** Designed and implemented a mailbox system with features for composing, listing, and managing user-specific emails, enhancing internal communication efficiency.
- ❖ **Candidate Sourcing Tool:** Built advanced sourcing tools integrating traditional keyword search, GitHub profile mining for technical roles, and AI-powered prompts to improve talent acquisition efficiency.

SKILLS

- ❖ Programming Languages - Javascript, Typescript, Bash Script.
- ❖ Library - React js, Next js, jQuery, Bootstrap, SCSS, Ant-Design, Material-UI.
- ❖ Testing Tools - React Testing Library, Jest, playwright.
- ❖ Version Control - CodeCommit, Github.
